INDIA STARTUP FEST'23

This festival is a culmination of the great initiatives of GoI (Govt. of India), such as Startup India, Digital India, Make-in-India, etc and will bring together more than 10,000 startups to advance their missions and drive towards an Atma-Nirbhar Bharat.

Taking place at India's own Silicon Valley (Bengaluru) & the hub for the world class technologies emerging from India, this will be a path breaking exposure for the startups involved in this segment and will help them take their products and services global.
